**Subject:** My move

Dear Mr. Hirsch,

I would like to express my great satisfaction with the work done recently by your company and the team led by Jack.

From the very start of the project, I was impressed with the professionalism displayed by Jack and the rest of the team. Jack's leadership skills impressed me the most. I would like to thank him for being so willing to help my wife when I was back in Poland and could not supervise the work myself. Jack's high standards, quality of work, and readiness to accommodate our requests deserve a great applause. Once again thank you for the job well done by Jack and his team.

Over all this was a very good experience and I would, without any reservations, recommend your services to anyone concerned.

Thank you, Jack, and the team

*Stefan Zaremba*
