THANKS and RECOMMENDATION

Dear Mr. Eske,

It is with great pleasure that I take this opportunity to express my sincere thanks to S&K2000 and its professional staff for the excellent job realised on the occasion of the partial relocation of the Swiss Mission to the UN in New York.

The outstanding service started with the arrival of the vessel in Elisabeth NJ, were S&K2000 together with their agent cleared the containers and handled the paperwork for this official delivery in record time.

Within a few days, the whole shipment was sorted out, partly stored at your warehouse ready to be delivered to the Mission on short notice, while the greater part could timely be delivered in order to open the new offices, called "Annex", as planned beginning of September 03.

The highly skilled and well trained personnel under the guidance of two managing directors made it possible to have the last chair placed at its desk, the last cable plugged in and the 12 Workstations ready to be loaded. All this in a special effort of the complete crew in a very restricted time frame between 6 and 11 P.M. in Midtown Manhattan.

This is to thank S&K2000 for the outstanding services rendered at a very compatible tariff. You made it easy to me to recommend your Company not only for the usual international moving services but also for office-relocations in this area where your experience, your personal dedication and flexibility as well as your realistic price policy are of crucial importance.

Sincerely yours,

FOR THE AMBASSADOR
